

Grants Available to support your business

Have you taken advantage of us yet?
Over 670 companies have so far, why haven't you...

As a manufacturing SME, we want to make sure you know about us and that you take advantage of this support programme!

Increase your sales, improve your people and overcome operating challenges.

The Manufacturing Growth Programme provides free advice and support to manufacturing SMEs across the country with up to 35% grant funding to improve.

Our experienced Manufacturing Growth Managers will work with you to:

- Create plans for **growth and improvements**
- Work with the best **external experts** to implement those plans
- **Provide 35%* of the cost** through a growth/ improvement grant
- Connect to **wider support** to maximise opportunities for growth

Support is bespoke so that you get exactly the right assistance you need.
Read about how we have supported an SME Manufacturer reach record sales - [here](#).

Accessing the Manufacturing Growth Programme is quick, easy and simple.
