

Chance to dig out detail on JCB's supply chains

At: JCB World Headquarters, Lakeside Works, Dunstone Road, Rocester, Uttoxeter ST14 5JP

Date: 15 November 2017

CBM members have a rare opportunity to get a first-hand insight into how one of the UK's most successful private companies operates its supply chains next month.

On November 15th, all members are invited to visit JCB's international headquarters at Rocester, on the outskirts of Uttoxeter.

I am sure that many members will be keen to hear the detailed presentation about JCB's supply chain requirements, from Chris Bell, the company's general manager (group purchasing).

The event begins with a buffet lunch at JCB's Lakeside Works at midday, and Chris will start his presentation at 1pm.

There will then be a session about practical productivity improvements which members can make, from Prof. Paul Forrest, director of the West Midlands Economic Forum, after which Chris will lead a tour of the JCB complex, which is scheduled to finish at 5pm.

Programme

12.00 Start with buffet lunch at JCB
