ECLIPSE MAGNETICS

Technology Transfer Group Webinar with Eclipse Magnetics

Understanding Magnetic Filtration in Metalworking Industries

Presenter: William Higgins (sales representative - filtration)

Date: 19 November 2026 | Time: 14:00

To register: email - melinda.jean@thecbm.co.uk

Agenda

- Company introduction
- Problem solving
- What is magnetic filtration?
- See filtration in action (video)
- Key case studies
- Product highlights
- Q&A

Why attend?

With over a century of experience, Eclipse Magnetics is a trusted leader in magnetic solutions. Our experts work closely with manufacturers in sectors including steel forming, bearings and tooling to solve filtration challenges and improve process efficiency. Register for our webinar to learn how effective magnetic filtration can help you minimise downtime, boost productivity and reduce operating costs.
